

## THE INTRACEUTICALS DIFFERENCE

**3 STEP  
HYALURONIC LAYERING**

Hydration and effective ingredient delivery are the two most important elements in modern skin care.

The original technology that goes into modern moisturisers was developed in the early 1900's to provide a barrier against moisture loss and provide a glow to the skin surface. This core technology is not designed to deliver the hi-tech ingredients available today.

Intraceuticals has redesigned skincare to both hydrate the skin and deliver the most advanced skin care ingredients.

Intraceuticals 3 Step Hyaluronic Layering system uses multiple types and weight of hyaluronic acid to Revive (rehydrate), Replenish (keep it hydrated) and Protect (reduce moisture loss) allowing the latest technology ingredients to be effectively delivered to the skin at each stage.

Who wouldn't want instantly glowing skin that feels tighter and firmer, looks younger and more radiant?

## HOW TO USE INTRACEUTICALS + BOOSTERS

An easy guide to determine what Booster combination will suit your skin requirements. Check yes in the table below if these are areas that you would like to improve. Refer to the legend for the Booster combination for you.

Concern	Yes	Booster + Combinations

**intraceuticals**  
IT'S IN THE SKIN

**VITAMIN A+ BOOSTERS**

Clarifies and refines the appearance of skin prone to blemishes, visible pores, sun damage, uneven texture or deep wrinkles. A new “release on demand” form of Vitamin A increases potency enhances product stability and reduces irritation.

**Focuses on:**

- Clarifies and brightens congested skin
- Softens and smoothes rough skin and reduces the appearance of fine lines and wrinkles
- Improves the appearance of visible pores and blemish-prone skin

**ANTIOXIDANT+ BOOSTER**

Revitalises and balances dull, stressed skin with exceptionally powerful natural antioxidants sourced from the Australian Rainforest. It addresses visible puffiness and dark circles around the eye area, making it perfect for tired or travel-weary skin.

**Focuses on:**

- Acts like a “detox” for the skin
- Improves the appearance of dark circles and puffiness
- Reveals a younger looking, more even complexion

**VITAMINC+3 BOOSTERS**

Helps smooth, strengthen, and protect healthy skin with 3 synergistic forms of Vitamin C to benefit all skin types but especially skin with signs of premature aging, irregular tone and sun damage.

**Focuses on:**

- Fights free radical damage and provides photo-protection
- Brightens and improves the appearance of hyperpigmentation
- Provides a key co-factor in collagen synthesis for improved skin texture

**COLLAGEN+ BOOSTER**

Provides a potent cocktail of collagen messenger peptides to promote skin renewal and rejuvenation and helps to restore volume and tightness to skin that has lost its elasticity, tone and density.

**Focuses on:**

- Instantly reduces the appearance of fine lines and wrinkles with a visible lifting and tightening effect
- Deeply hydrates skin and visibly improves the appearance of skin volume and texture
- Helps enhance skin density and promote firmer, tighter looking skin
